Dear Paul

Just wanted to say a huge 'thank you' for all your help, advice and kindness with sorting out my legal bits....

Company legalities usually intimidate me but your professionalism and patience in explaining and advising on the important legal aspects, reassured me that I have found a Company with a Director that I have total confidence in and I know will always look after the best interests of my company.

I can and do, wholeheartedly recommend you to my friends and colleagues, with absolute confidence that you offer a first class service with care for your customers - priceless.

Thanks once again.

Kind regards,

Yours sincerely
