**Re: Testimonial**

As a strategic financial planning business we made a specific decision to work with D'Angelo Legal and its principal, Paul D'Angelo regarding estate planning matters for our clients.

Paul has a personable nature and is professional in the way he manages both the affairs of our clients as well as the ongoing client relationship. He is proficient, knowledgeable and easy to work with.

We would recommend Paul and his team as a company of integrity and professionalism without question.

Thanks for your assistance in helping us with this extremely important area of our client's lives.

Yours faithfully
