Dear Paul,

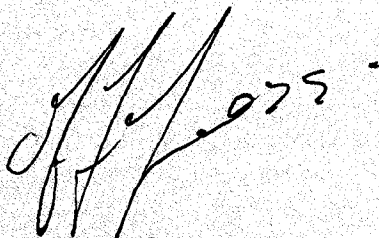

It would be remiss of me not to let you know how happy I am with the service provided by the D'Angelo Legal office, and with you in particular, regarding the legal requirements for my company.

Your service from start to finish has been exemplary and on a professional, knowledgeable yet friendly level that far exceeds all other legal offices I have dealt with over my long career. Nothing ever seems to be too much trouble to you and I am made to feel unique, never feeling that I am just one of many clients that you and your office have to deal with on a daily basis.

I regularly attend many business meetings with influential individuals in the building industry and it has been a pleasure to be able to pay you back in some way by giving my whole hearted and thorough recommendation to these individuals.

What a breath of fresh air both you and your staff are in the legal industry in this area. Long may you continue to set the standards for others to follow.

Kind regards,

Mary-Lena Goss
